

Sow Farm Tech, Wean-Finish Tech, Grain Operations Tech: Part-time

Highway Farms

Ogden IA

Craig Christensen 515-275-4593 craiger@netins.net

About Us— Welcome to Highway Farms, a fifth-generation, hog and grain operation, located in Ogden, Iowa. At HFI, we believe in partnering with talented team members and growers to produce the highest quality pork and grain to supply our customers. HFI is committed to cultivating a positive work environment that is founded on teamwork and a dedication to excellence, while continuously striving towards improvement.

It is our mission to:

- Be good caretakers of the animals in our care
- Be devoted stewards of the land and environment
- Build strong relationships with our employees and partners
- Cultivate sustainable methods that are good for the people, the animals, and the land
- Be active, positive members of our community

Why Join HFI:

- Flexible Hours: Ideal for balancing school with work
- Competitive Wages: Earn a good wage, while gaining real-world experience
- Training: Learn and gain valuable skills from being an active part of the team
- Career Growth: Potential for advancement and future opportunities within the company
- Great Work Environment: Join a team that values respect, teamwork, and collaboration

Part-Time Positions Available:

- Sow Farm Tech: Assist with all aspects in the Farrowing and Gestation departments, including pig care, feeding, animal health procedures and facility maintenance
- Wean-Finish Tech: Support daily farm operations, including animal care, feeding, animal movements, sales, vaccinations, and facility maintenance.
- Grain Operations: Assist with cropping operation; harvest, tillage, planting, equipment maintenance and grain operations.

What HFI Is Looking For:

- Current College Students enrolled in agricultural, environmental science, or related programs.
- Individuals interested in production ag, and working in a collaborative environment.
- Strong Work Ethic, reliable, motivated, and eager to learn.
